Tips:

1. In China, the way we measure the hair is to make it stretch straight, instead of measuring it directly. Especially for curly and wavy hair, it should be stretched to straight when you measure the length.
2. The hair is measured by hand, so there may be small inaccuracy unavoidably (0.1-0.3 inch difference is acceptable)

FAQ

1. how can we guarantee quality?
Always a pre-production sample before mass production;
Always final inspection before shipment;
